## Business Description

The Middle East can be a good region to grow the best quality fruits in all seasons with its four seasons and fertile soil. Fruits are mostly stored in industrial and big cold storages inflicting problems such as reducing the quality of products and their nutrients. Therefore, many countries store fruits with concentrate method. China ranks first by providing concentrate fruits in a large quantity in the Middle East. Daya Tradign company increases concentrate by increasing its fruit production to meet the needs of countries in order to turn into one of the biggest companies offering its high-quality products to the global markets.
